PIONEER BURIALS IN WINCHESTER CEMETERY

Kathryn Owen and Ann Couey's book, *Early Winchester Cemetery Inscriptions*, was examined to identify all the individuals born before 1800, who are defined as "pioneers" for this report. 137 were found. The names in bold (32) were born in the year of American independence (1776) or before. The list includes the cemetery section where the grave is located. Not all of these graves can be located today (those I found in sections A, E, F, H and J are marked with a ✓).
